Resident of the City Tells What was Doing

And He is Supported By Comments Which Appear in the Columns of the Local Newspapers.

A review t of Colina spent Thanksgiving day in Lima and incidentally the subject of the wine room scandal in that city was approached during a conversation with the writer. He declared that the disclosures in connection with the arrest of the men charged with having enticed young girls into wine rooms and brothers had stirred up the town to such an extent that a revolution had promptly followed. Last Sunday nothing was for the first time in thirty years, and only one lone milk vender was bold enough to make his appearance.

The Celina weekly papers naturally situation, and the Standard makes the following comment:

"No commercial sounds broke the Subbath stillness. Wet goods in hotles were in demand Saturday night to liquidate the Sunday dryness, but as, perhaps, a goodly part of their contents were imbibed before Sunday, the 'dry' day was no misnomer.

"It is safe to affirm that an unus ine population staid at home and made the acquaintance of their wives and children. One dear little tot came to Sunday school and delight edly told his teacher that his papa was going to stay at home all day and that he was coming to church toe, because he didn't have any place else to go. The whole town seemed to fall in readily with the experiment of trying what a closed Sunday would be like, and while some grumbling was eard, the situation was gracefully accepted, and it is safe to say that a good many more men Lagan their week's work with cleared heads and with a few more dollars in their pocket than they had the Mondays

No change was apparent in the cor dition of Rev. Father Hannin last night, says the Toledo Times. CHANGE OF CLIMATE

Not Necessary in Order to Cure Catarrh.

The popular idea that the only cure for chronic eatarrh is a change of climate, is a mistake because catarrh is found in all climates in all sections of the country; and even if a change of climate should benefit for time the catarrh will certainly return.

Catarrh may be readily cured in any climate, but the only way to do it is to destroy or remove from the system the catarrhal germs which cause all the mischiel

These tablets which are pleasant and harmless to take owe their efficiency to the active medicinal principles of Blood Root, Red Gum and a new specific called Guaiacol, which toether with valuable antiseptics are combined in convenient, palatable tablet form, and as valuable for chiliren as for adults.

My nostrils were almost always logged up; I had to breathe through the mouth causing an inflamed, irritated throat. The thought of eating breakfast often nauseated me and the catarrh gradually getting into my stomach took away my apeptite and digestion.

Never in the History of This Store

Have we shown such a nice line of goods for holiday presents. Every department is full to overflowing. We want the people of Lima to see what we have; therefore this opening. THE FURNITURE DEPARTMENT will be a revelation to you as you will find many things that you would scarcely expect to see in Lima. The very choicest of everything. Do not fail to see the furnishing rooms. They will give you something to tell your friends about.

The Garpet and Drapery Department

Is a blaze of glory. Oriental Rugs and Draperies, beautiful Carpets and Rugs, French Wiltons, extra Wiltons and Axminsters, too many to attempt to describe, and such a showing of beautiful Laces and Draperies as you could only find in the larger cities. Special Note-The window draperies and furniture were imported from Japan for this occasion.

Do not fail to see the Indian. He is rather flerce but he will not hurt you

The China Department

Beggars description. It is a veritable fairyland. The most beautiful specimens of Cut Glass and Fine China you could imagine. Elegant hand painted China Vases, Plates and Bric-a-Brac, Beautiful Bronze and Brass Goods in Candle Sticks, Mirrors and Ornamental Pieces, Lamps, fit for the palace of the King, and they ARE NOT HIGH PRICED.

You can not spend the time to better advantage than looking through this department. We want you to see it.

The Stove Department

Is also in its holiday attire, and there never was a nicer display of household necessities than are shown here. Nothing would please your wife more than A NICE GARLAND BANGE for a Christmas present; but while you may not think there would be much in this department suitable for Christmas presents, if you will attend our opening, it will convince you there's more than you ever thought of.

We extend a cordial invitation and welcome to all to come and enjoy the music and entertainment.

The Best Remedy for Croup.

From the Atchison, Kan., Daily Globe,

n the world is to be awakened in the

middle of the night by a whoop from

one of the children. The croup rem-

edies are almost as sure to be lost. In

case of croup, as a revolver is sure to

be lost in case of burglars. There

used to be an old-fashioned remeay

for eroup, known as hive syrup and

olu, but some modern mothers say

that Chamberlain's Cough Remedy is

better, and does not cost so much. It causes the patient to "throw up the

as the crompy cough appears and it

will prevent the attack. It never

Every woman who feels that life is a burden,

Every women who has tried all other means to regain health without success. Every weenen who is going through that critical time - the change of lifeinvited to write to Mrs. Pinkham, Lynn, Mass., in regard to her trouble, and the most expert advice telling exactly how to obtain a CURE will be sent absoutely free of cost.

The one thing that qualifies a person to give advice on any subject is experience — experience creates knowledge.

No other person has so wide an experience with female ills nor such record of success as Mrs. Pinklam has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for twenty years, lay after day, and day after day.

Twenty years of constant success—think of the knowledge thus guard! Surely women are wise in seeking advice from a woman with on han experience, especially when it is free.

Mrs. Hayes, of Boston, wrote to Mrs. Pinkham when she was in great trouble. Her letter shows the result. There are actually thousands of such letters in Mrs. Pinkham's possession.

* Prear Mrs Pinkman - I have been under doctors' treatment for female onlikes for some time, but without any relief. They now tell me I have a about tumor. I cannot set down without great pain, and the soreness extends in my spine. I have bearing down pains both back and front. My abdomen swollen, I cannot wear my clothes with any comfort. Dudiey St. (Boston), Roxbury, Mass.

The AR MRS. PINKRAM:—I wrote to you describing my symptoms, and sisked your advice. You replied, and I followed all your directions carefully or several months, and tooday I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound, together with your advice, carefully followed, entirely expelled the tumor, and strength-

ned the whole system. I can walk miles now. Your Vegetable Compound is worth live dollars a drop. I advise all somen who are afflicted with tamors, or any female trouble, to write you for divice, and give it a faithful trial."—Mrs. E. F. HAYES, 252 Dudley St.

Mrs. Haves will gladly answer any and all letters that may be addressed to her asking about her illness, and how Mrs. Pinkham belped ber.

Circuit Judges

Leave Some Reminders of Stubborn Points

Which Have Been Handed Back and Fourth in the Court Below.

The Boop Case is Remanded for a New Trial the Verdict of the Petit Jury Being Set Aside.

The Times-Democrat went to press vestorday as an nour which prevented a full review of the circuit court decisions, only the few which were deeided between the hours of 1:30 and three o'clock being handled. The next one in line was the case of the State of Ohio vs. James and Henrietta Boop: under what is known as the "Winn Law. It provides a penalty for the sale of intoxicating liquors in a place alleged to be a house of ill fame, but the defense was made that while Boop operated a saloon, his wife had no connection with it because of a division of the premises.

The case was heard before the petit jury and a verdict of not guilty returned. An appeal led the case to the efrouit court and Judge Norris in handing down his decision yesterday set aside the verdict and remanded the case for a new trial.

In discussing the facts, as shown by the record, Judge Norris said that Mrs. Boon provided a place for her hus band to keep a saloon while she kept a bouse of ill fame connected with her hasband's saloon by a narrow half into which the main entrance led to North street, with doors connecting the saloon with her part of the premises through which persons could pass from the saloon into her apartments That her part of the building was the frome in which she and her family are and slept, and over which her hus band was given control by the statintes of Ohio: that the record showed that Roop sold intoxicating liquors in this house without inquiry as to where in was taken to be drunk, and testified that it was none of his business where Democrat by A. W. Soper, of Detroit the intoxicants were taken to be drunk and that they had taken advice as to ing 142 pounds whom he desires to hew the house could be built so as to avoid limbility under the Winn law.

Since the jury returned a verdict for damages in the sum of \$5111.25 in favor of Emerson Sherman, there has been \$2,611.25 chopped of leaving the Lima Electric Ranway & Light Co. to settle for \$2500 or take the cuse on to the sabreme court. Sherman, at the time of his injuries was working on the lines on west Market street. when a current was turned on, and he parrowly escaped electrocation. As it was, one of his hands was burned through to the bone, and he suffered a shock which left serious results. He received a judgment for \$5111.25 from the jury, but when the augument for a new trial was heard, Julige Cupping ham get the appoint down to \$3,500. and yesterday on the appeal, the circuit court shaved off \$1990 mere, loaving the defendant \$2500.

The attorneys for the plaintiff and defendant it is understood have agreed to a settlement on that basis. Sherman to pay the costs of the appeal to the circuit court.

The verdict in the case of Bessie Call, who was found guilty of mansinushter, following the killing of her child, will stand and the attractive red the entire community first to feelings of horror, and then to sympathy will undoubtedly bare to serve her term of two years in the ponicentiary. The anneal was taken on the ground of insanity at the time of the murder but the court found no error in th admission or rejection of evidence and rather commended Judge Conmingham on his admirable charge to the jury.

in the case of Theodore Feist va Emeline Davis, the verdict of the lower court was affirmed and the course remanded for execution. The judgment readered below was for but \$85.29.
